

# Experience Amaron **AGM Batteries** with **3x Performance**

# AMARON<sup>®</sup>

LASTS LONG, REALLY LONG.

AGM, or Absorbent Glass Mat, is a type of improved lead-acid battery that provides greater power to satisfy today's increasing electrical needs in cars and start-stop applications. AGM batteries are exceptionally vibration resistant, completely sealed, non spillable, and require no maintenance. AGM batteries designed with superior safety features. Thus, making them the most suitable for big automobiles, SUVs, vans, and other vehicles with increased energy throughout battery life.

- ◆ Higher Cold Cranking Performance
- ◆ Higher Life
- ◆ Zero Maintenance
- ◆ Non Spillable / Leak Proof
- ◆ Vibration Resistant
- ◆ Fully Sealed Battery
- ◆ Higher Safety
- ◆ No Terminal Corrosion
- ◆ Low Self Discharge
- ◆ Fit and Forget
